Green Initiatives. Elevated.

EVV is committed to continually moving forward to enhance passenger amenities, while keeping the environment in mind.

The new EVV offers numerous other sustainable passenger amenities and upgrades pre- and post-security:

- TSA screening area liquid disposal and recycling station
- Quality indoor ionized air
- Interior and exterior LED lighting
- Double-stream recycling and waste containers
- Two post-security filtered water refilling stations that have filled reusable water bottles equivalent to more than 58,000 single-use water bottles (YTD Sept. 2020)
- High-volume, low-speed ceiling fans
- Electrostatic sprayers
